2023 Catalogue

Say hello to materium!

Materium brings about the change, of how you live, work and do things in between. We bridge the gap between the work you do and the culture you live by creating contemporary furniture that adapts and grows the same way as you do.

Work, Live and the In-Between

The definition of work is no longer the same. In the age of seamless mobility and flexibility, work is much less of a cubicle-bound space and more of an action. It is no longer just a title in business card, but a way of life where autonomy over your occupation is within your grasp. Materium is here to help you live and take control of your work, wherever and whenever.

**A new kind of
